**PARTICULATE RESPIRATOR**

**H801P/PLUS**

---

**CAUTIONS AND LIMITATIONS**

1. **PROTECTION**

   - Never substitute, modify, add, or omit parts. Use only exact replacement parts in the respirator.
   - All approved respirators shall be selected, fitted, used, and maintained in accordance with applicable regulations.

2. **N95—Particulate Filter (95% filter efficiency level) effective against particulate aerosols free of oil; time use restrictions may apply.**

3. **B. Not for use in atmospheres containing less than 19.5 percent oxygen.**

4. **C. Not for use in atmospheres immediately dangerous to life or health.**

5. **D. Not for use in atmospheres containing oil aerosols.**

6. **E. For use against non-oil based particulates, biological aerosols, and liquid aerosols.**

7. **F. Not for use in atmospheres containing combustible dusts, gases, or vapors.**

8. **G. Not for use in atmospheres with unknown contaminant concentrations or an unknown hazard.**

9. **H. For protection against dusts, mists, or fumes of non-aqueous liquids.**

10. **I. For protection against particulates, biological aerosols, and liquid aerosols.**

11. **J. Failure to properly use and maintain this product could result in injury or death.**

---

**RESPIRATOR COMPONENTS**

- Honeywell International Inc.
- Smithfield, RI 02917, USA
- MSHA, OSHA and other applicable regulations.

---

**STORAGE CONDITION**

- **Humidity**: < 80%
- **Storage Temperature**: -20℃ to 38℃
- **Exposure and dry area**: Keep away from fire and pollution.

---

**USE LIMITATIONS**

- **1. The respirator should be stored at the area which is well-ventilated, avoids direct sun and does not exceed a storage temperature range of -20℃ to 38℃.**

- **2. Do not store the respirator at temperatures exceeding 40℃.**

- **3. Do not store the respirator at temperatures below -40℃.**

---

**FITTING INSTRUCTIONS**

1. **Place both hands over the respirator - do not disturb the position of the respirator.**

2. **Hold the respirator under the chin with the nosepiece facing outwards.**

3. **Place the lower head strap around the neck below the ears.**

4. **Hold the respirator against the face with one hand, place the top head strap above the ears, around the crown of the head.**

5. **6. Place hands on each side of the respirator and move slightly right, left, up and down, to adjust the position of the respirator and achieve the most optimal fit on the face.**

---

**WARNING**

1. ** Failure to follow all instructions and limitations concerning the use of the respirator and/or failure to wear the respirator for the whole duration of exposure to contaminants can seriously reduce the performance characteristics of the respirator and lead to illness, injury or death.**

---

**STORAGE**

- **MFG/Inspect date**: See the packaging.
